

Guide to Terms and Conditions for Use of Location Information

A developer that intends to provide location-based services through Bixby Voice Capsule in the Republic of Korea (Article 2 Subparagraph 7 of the Act on the Protection, Use, etc. of Location Information) **shall specify the following in the terms and conditions in advance and then obtain consent from the subjects of personal location information** in accordance with Article 19 Paragraph 1 of the Act on the Protection, Use, etc. of Location Information (hereinafter referred to as the “Location Information Act”).

- ① Trade name, address, phone number and other contact information of the location-based service provider
- ② Rights held by the subjects of personal location information and their legal representatives (limited to where the consent of a legal representative is required) and methods of exercising such rights
- ③ Details of the location-based services to be provided by the location-based service provider
- ④ Grounds and period for retaining data verifying the use and provision of location information
- ⑤ Where a service provider intends to provide personal location information to a third party designated by a subject of personal location information, matters regarding the notification of the purpose of provision, the date and time of provision, and the designated recipient of the personal location information

At least, the details stated above shall be specified in the developers’ terms and conditions for use of location information under the Location Information Act. Developers shall add any appropriate matters to the terms and conditions stated above in accordance with relevant laws and regulations and register the same in [additional-terms-and-conditions](#) child key in the [legal.bxb file](#).

(Refer to <http://www.lbsc.kr/index.do> for details regarding the standard form of terms and conditions for use of location information, obligation to declare the location-based service business, obligation to disclose terms and conditions for use of location information, etc.)

Developers shall, in the process of providing services through Bixby Voice Capsule, comply with all obligations required by relevant laws and regulations such as the Location Information Act and thus, shall be fully acquainted with relevant laws and regulations and take necessary action. Developers shall be liable for any problem arising out of the violation of relevant laws and regulations, etc.
